Attack on Bedford Harbor

The weekend of September 8, 9, and 10 has been set aside to commemorate the 200th Anniversary of the infamous landing by British Colonial troops of King George III against the harbor of New Bedford and surrounding towns which took place originally on September 5-6, 1778.

In order to correctly amplify the historic importance of this event, a commemorative Colonial battle re-enactment will be staged which is to include many of the incidents which actually took place during and following the landing of the British and Hessian troops.

The planned re-enactment will be staged rain or shine.

In 1778 the area known as the Town of Dartmouth then included the present municipalities of Dartmouth, New Bedford, Fairhaven, Acushnet, and Westport. Today, these same villages, although separated into their own townships, will once again join together in a historic effort to once again relive but a mere amount of their past.

The weekend's events will begin Friday, September 8th, at 7:30 P.M.

For those persons interested in attending the attack on Fort Phoenix there will be free bus transportation from the Berdon Plaza and K-Mart Plaza

On Sunday, September 10th, starting at 10:00 A.M. the march and raid continues through Acushnet and Fairhaven, with the attack and landing at Fort Phoenix at 2:30 P.M.

Along the line of march several incidents will be staged which include the capture of Lt. Gordon, the killing of 3 seamen, burning of Bellville, battle at "Rivers End", capture of Judge Pope, the West Bible incident, and the search for valuables at the Bartholomew Taber house.

CETA TO AID BATTLE RE-ENACTMENT

Organizers of the "Attack on Bedford Harbor" battle re-enactment will get some help this week from the area's CETA agency. The New Bedford Consortium, which administers CETA programs in eight area communities, has announced that it will supply workers to help construct a mock village at the city's North Terminal bulkhead.

The village will be burned September 9 during the battle re-creation. The scene is expected to be one of the highlights of the three-day "Attack on Bedford Harbor".

Donald R. Bernard, Director-Coordinator of the event, said CETA workers will aid in the construction of at least three buildings and two facades. The buildings will be approximately 20 feet long, 15 feet wide and 12 feet tall, he said.

Labor will be supplied from CETA's carpentry course at the New Bedford Regional Job Center on 181 Hillman Street. Materials for the mock vil-

second grant payment for the pumping station, force main, interceptor and collector sewers. A first payment of $107,395.00 has been received to reimburse the town for money already expended.

ASK SPECIAL PARKING RATE

The Rochester Board of Selectmen requested, by letter, a special rate for parking at the wharf for residents of Rochester.

SIGN CONTRACT AWARDED

Selectmen received only one bid for the sign for the Industrial Park opened August 29. Poyant Signs Inc. was awarded the contract for $4,526.00. Previously a bid was rejected because the amount was greater than the money on hand for the purpose. Specifications were changed to reduce the width from 14 feet to 12 feet. The amount bid is still $50. over the amount on hand but the Selectmen felt that it is within the range intended and voted to accept.

SUPPORT VOTED

Bridgewater Selectmen asked for support in their opposition to a Massachusetts Department of Corporation and Taxation request that all tax bills show the amount of tax that would have been demanded if State aid had not reduced the sum. The Selectmen noted that this would require a separate enclosure in every tax bill which would be an added expense to the town. The Selectmen also felt that this would be a weakening influence on home rule. The Selectmen voted to support the opposition of Bridgewater.

Biff MacLean

A Down-to-Earth Legislator...

He's looking forward to Representing Marion, Mattapoisett and Rochester

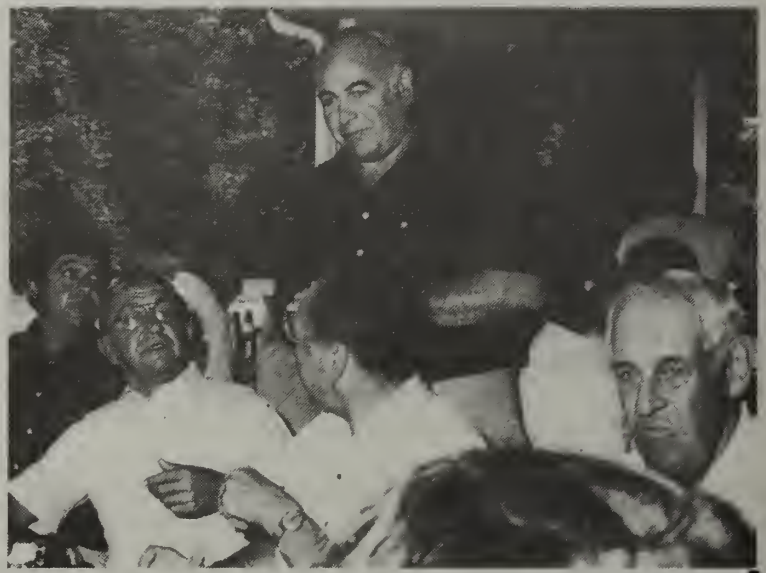
Over the past 18 years as state representative for Fairhaven and Acushnet, Biff's also had the pleasure of working with a lot of people in Marion, Mattapoisett and Rochester.

And now that his district is being expanded to include these three towns, he's looking forward to working with them even more in the future.

But he needs your help. Although he's unopposed in the Democratic primary, it's still important for Democrats and Independents to give him their votes.

Why? He needs your vote of confidence . . . and he deserves a vote of thanks for the many positive improvements he's made in our area.

So please vote in the Democratic primary on Tuesday, September 19.



Biff enjoys some good fellowship at the annual clambake. (l to r. Charles Wordell, Cliff Macomber, Biff standing, Everett Macomber and Manuel Nunes

A SINCERE THANK YOU

On Friday evening, August 25th, I found myself in a dilemma. I had a flat tire and, being a woman of seventy-eight, couldn't handle it myself.

The service station was unable to help me until the next morning. While I was putting my car further off of the road and securing it for the night Officers Edwin Pina and Blackburn came along and asked what my problem was. Officer Pina said "I'll change the tire for you", and in no time I was on my way and so grateful to these two fine men and all of our excellent Police Department.

So sincerely, Mrs. Edmund J. Ferry.

MORE STUDENTS GOING ON TO HIGHER EDUCATION

A three year comparison of graduate plans by Old Rochester students indicates a trend for an increasing number of students to go on to some form of higher education. In 1976, 50 percent went on to further study; in 1977, 57 percent and in 1978, 67 percent. As each human is unique, so also does every class have its own individual characteristics. We must be careful of generalizing, but not insensitive to trends as they touch on curriculum emphasis.

The annual report of the guidance department indicates that the student who has done well in his work at Old

Rochester is found to be acceptable at a very diverse selection of colleges and schools. This year with approximately 90 students of 140 going on to higher education, the students were accepted at 75 different colleges, universities and schools. Among the schools at which students were accepted and chose not to attend were Amherst, Boston College, Brown, Georgetown, Rensselaer, University of North Carolina (Chapel Hill), and Wheaton.

Among the schools that Old Rochester graduates will attend this fall are Bates, Brandeis, Colby (Maine), Cornell, Duke, Middlebury, Princeton, Smith, Syracuse, Tufts, Wheaton and Worcester Polytechnic Institute. Of 11 students accepted at the University of Massachusetts (Amherst), 4 have elected to attend. Seven of the 11 students who were accepted at Southeastern Massachusetts University will commence their undergraduate work there this fall.

Testing results reported by the Guidance Department are generally consistent with the results of area schools, according to a report prepared and published by Educational Testing Service Cape Cod Community College.

PUBLIC ANNOUNCEMENT ATTACHMENT NO. 3

ELIGIBILITY CRITERIA FOR FREE AND REDUCED PRICE MEALS AND FREE MILK

(Also applicable if breakfast is available.)

The Old Rochester Regional School District and Mattapoisett Public School today announced a free milk and free meal and reduced price meal policy for school children unable to pay the full price of milk and meals served in schools under the National School Lunch, School Breakfast Program and Special Milk Program. Local school officials have adopted the following family size-income criteria for use in determining eligibility.

INCOME ELIGIBILITY CRITERIA

FAMILY SIZE AND GROSS INCOME SCALES

Family Size All members of household	Maximum Gross Income For Free Milk and Free Meals	Maximum Gross Income For Reduced Price Meals
One	$0 to $ 4,190	$ 4,191 to $ 6,530
Two	0 to 5,500	5,501 to 8,580
Three	0 to 6,810	6,811 to 10,630
Four	0 to 8,110	8,111 to 12,660
Five	0 to 9,310	9,311 to 14,530
Six	0 to 10,510	10,511 to 16,400
Seven	0 to 11,600	11,601 to 18,100
Eight	0 to 12,690	12,691 to 19,790
Nine	0 to 13,680	13,681 to 21,330
Ten	0 to 14,660	14,661 to 22,870
Eleven	0 to 15,640	15,641 to 24,390
Twelve	0 to 16,610	16,611 to 25,910
Each Additional Family Member	970	1,520

Children from families whose income is at or below those shown are eligible for milk and meals free or at reduced prices. In addition, families not meeting this criteria but with other special hardship conditions due to unusually high medical expenses, shelter costs in excess of 30 percent of income, special education expenses due to the mental or physical condition of a child, and disaster or casualty losses are urged to apply. Further, children having parents or guardians who become unemployed are eligible for free or reduced price meals or for free milk during the period of unemployment, provided that the loss of income causes the family income during the period of unemployment to be within the eligibility criteria. Should your income or family size change, contact the approving official.

To discourage the possibility of misrepresentation, the following statement is placed just above the parents' or guardians' signature on the application: "I certify that the above information I have given is true and correct, that the application is being made in connection with the receipt of State and Federal Funds, that school officials may for cause: (1) request an informal conference with the parents to substantiate the information on the application (or if requested by either party the Fair Hearing Procedure may be used); (2) verify the information on the application, and that deliberate misrepresentation of the information may subject the applicant to prosecution under applicable State and Federal criminal statutes."

Parents should clearly understand that every meal served in schools is subsidized to a greater or lesser degree by State-Federal reimbursements. Those lunches served at full price are subsidized as well as those served free or reduced. Therefore, there should be no reluctance to apply for either a free or reduced price meal. If your family size, and gross income is within the "Income Eligibility Criteria" for free or reduced price meals, we urge you and all eligible parents to fill out the application. The intent of these programs is to improve the nutrition of of all children.

They may do so by filling in the application forms sent home with a letter to parents. The information provided on the application will be confidential and will be used only for the purpose of determining eligibility. Applications may be submitted any time during the school year. In certain cases foster children are eligible for free milk and free meals or reduced price meals regardless of your family income. If you have such children living with you and wish to apply for such milks and meals for them, please file a separate application for each child, and indicate amount of State support only as income.

Under the provision of the policy the Principal will review all applications and determine eligibility. If a parent is dissatisfied with the ruling of the official, he may wish to discuss the decision with the approving official on an informal basis or make a request either orally or in writing for a hearing to appeal the decision to Andrew J. Santos, Business Manager, 135 Marion Road, Mattapoisett, MA. 02739, 758-2772.

Hearing procedures are outlined in the policy and a complete copy of the policy is on file in the office of the superintendent of schools where it may be reviewed by any interested party.

The policy also provides that there will be no overt identification and/or discrimination against any child because of his race, sex, color, national origin, in the operation of the child feeding programs.
